Mississippi Now Receiving Limited Quantities Of DDT

Parts of 13 different counties in the state are being "Malaria proofed" at present and it is hoped that more of the miracle working insecticide will be available in the near future.

It is being used under supervised government control in highly infected malaria areas, and although Hancock County has lots of mosquitoes the incidence of malaria is very low.

Especially valuable in the control of malaria is the ability of DDT spray, deposits to kill mosquitoes walking over sprayed surfaces weeks or even months after its initial application. (Flies, fleas, roaches, bedbugs and ants are also killed by it.)

It is recognized that house treatment by DDT will practically do away with insect-borne diseases.

Awarded Trophy For Being Outstanding Citizen

A recent news dispatch from Baton Rouge gives the following: Sister Tharsilla, assistant superior at St. Josephs Convent here, and formerly of Aberdeen, Miss., last night was awarded a trophy as Baton Rouge's outstanding citizen for 1945.

The presentation was made by Mayor Powers Higginbotham at the annual Golden Deeds banquet, sponsored by the Inter Civic Club here.

The trophy is offered annually by the State Times and Morning Advocate Newspapers here to the person voted by the Inter Civic Club as the most civic-minded and valuable for the good of the city.

Sister Tharsilla is a former member of St. Joseph's Academy, Bay St. Louis and there are a number here who remember her.

TAKEN TO HOSPITAL

Robert Hubbard, Jr., seven year old son of Mr. and Mrs. Robert Hubbard of Waveland was taken by ambulance to the Gulfport Hospital on Sunday night. His condition is considered serious though he was said to show a very slight improvement on Tuesday.

HOME ON FIFTEEN DAY FURLOUGH

Shelton Bermond, Army Medical Corps, is at home on a fifteen-day furlough from overseas duty. He will leave on Saturday to return to duty. He is the son of Mr. and Mrs. Rene Bermond of this city who have given five sons to the service.

Returns to Duty

MM 3c Harold D. Krankey, U. S. Coast Guard, has returned to duty after spending a leave here with his parents Mr. and Mrs. Albert Krankey and his wife.

He entered the service three years ago and has been overseas for the past year in the Pacific War Area.

Dr. Robert W. Gaston Dies At Monroe, La.

Dr. Robert W. Gaston died at the home of his son Nat Gaston at Monroe, La., early this morning.

Funeral will be held Friday morning at 11 o'clock from the Reiman Funeral Home at Gulfport with interment in Gulfport cemetery.

Surviving him are his wife and another son Col. Robert Gaston, Jr., Army Medical Corps in England.

For the past ten years the Gastons have spent the greater part of the year here and have many friends who regret his passing.

Enrichment of Degerminated Flour and Meal Now Mandatory

According to a law passed by the Mississippi Legislature, all degerminated flour and meal must be enriched and so labeled by September 1, 1945. This means that all meal or flour that has had the small iron "core" or "kernel" taken out during processing into meal, flour or grits, must have the same vitamins and minerals added back to them.

This is of special interest to local people because of the large amounts of these products consumed here. Home grown meal, does not have to be enriched.

Promoted To First Lieut.

1st Lieut. Audrae A. Quintini of 112 2nd Street, Bay St. Louis, Mississippi, has recently been promoted from 2nd Lieut. in the Army Nurse Corps. Lt. Delivers Vesper Message To Bay High Graduates

Lieutenant E. E. Price, chaplain at the Merchant Marine Cadet Basic School delivered the Vesper message to the Bay High Senior Class on Sunday afternoon at the annual Vesper service in the school auditorium.

The processional and recessional were played by Mrs. Carl Smith and the Bay High Girls Chorus gave two numbers "A Glad Prayer" and "Deep River." Rev. E. E. Samples gave the invocation.

Cadet Meadows, Merchant Marine sang as a solo "The Lord's Prayer." The Cadet Choral club sang "Father in Heaven, Thy Children Hear," "Onward Christian Soldiers" and "Eternal Father, Strong to Save." Cadet Midshipman Grossman directed the choral club.

Chaplain Price directed his message to the youth of today stressing at what great price Freedom has been bought and is being bought, and said it took great leadership to bring us this far in the fight for Freedom. "It took a generation of youth to liberate the prisoners who were enslaved," he said.

"The Freedom of the land is in the hands of youth and they, to keep this freedom, must keep alive history, religion and personality," he continued. In tracing the freedom: bought at so great a price at Valley Forge, the War Between the States, World War I and the present War, Chaplain Price said "There will be no Freedom as long as man chooses the lower instead of the higher."

"In the great light of the present we see the death of the past and we must maintain our loyalty to God, to our country, to our family, to the school, to the World," the speaker continued and closed by saying "Freedom is ours purchased at a great price—we must keep it."

Stanislaus Teams Play At M. M. Cadet Base

Sunday, members of the St. Stanislaus Soft Ball and Tennis teams were guests of the Merchant Marines in Henderson Point.

New Tire Prices

Reduction of synthetic rubber tire prices for passenger cars and motor cycles, to the lowest retail levels since 1942 will benefit approximately 200,000 car owners in Mississippi.

OPA District Director announced today.

The new ceiling prices on the most widely used size of passenger car tires—the 4 ply 6.00x16—is \$15.20 and there are comparable reductions in all other sizes of passenger car tires, he said.

Meat Control Program

As a part of a meat control program which is intended to provide more meat for the country's dinner tables, OPA District Director W. E. Holcomb outlined the simple OPA regulations covering farm slaughter.

Resident farm slaughterers who kill for sale or transfer, less than 6,000 pounds of meat annually must register with their War Price and Rationing Board before May 14, Major Holcomb explained. After that date they may not kill meat for sale or transfer until they have received a quota and permit from the Board.

Rules for collecting ration points and observing ceiling prices will be explained by members of the War Price and Rationing Board, he said. No permits will be issued after July 1, he added.

Advised Used Cars

New requirements, effective May 9, to aid in enforcement of price control on used passenger automobiles were outlined today by W. E. Holcomb, OPA District Director.

Under the new requirement all newspaper advertisements, or advertisements in any other publications offering used cars for sale must include the make of the car, the year model, the model body type, the seller's offering price and a statement that the price is within OPA ceiling, he explained.

The ceiling prices on used cars may be obtained by telephoning the War Price and Rationing Board or by consulting a table of OPA used car ceiling prices which is available at the Board offices or at automobile dealers business places, Major Holcomb pointed out.

New Shoe Stamp

To help housewives and others in budgeting their rationing shoe stamps to fit the family needs OPA District Director W. E. Holcomb today announced that another shoe stamp will be valid on August 1 for one pair of shoes per ration book holder.

The number of the new stamp has not yet been selected, but will be announced before August 1, he said. Airplane stamps 1, 2, 3 are now good and will continue valid indefinitely, he added.

New Car Stock Pile Dwindles

The May stock for 1942 automobiles available for purchase in Mississippi is only 16 cars, OPA District Director W. E. Holcomb announced today.

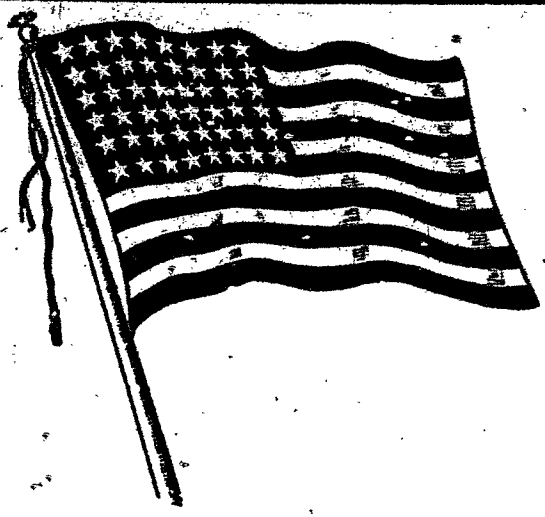

Only 4,000 new cars, the last produced by the industry, remain in the whole country for rationing to civilians, he said.

Eligibility for the remaining cars has been restricted to eight highly essential groups, compared to a former eligibility list of twenty six.

Several weeks ago we set out briefly what the War Department proposed to do about the discharging of men once the war in Germany ended. But because of the natural widespread interest in this demobilization plan we are repeating the following four facts to be used in determining a soldier's credits toward discharge, together with some explanatory statements about the plan:

1. Service credit—one point for each month of Army service since September 16, 1940 (12 points a year).
2. Overseas credit—One point for each month served overseas since September 16, 1940, with an additional credit of one month for any period of more than 15 days beyond the number of full months.
3. Combat credit—Five points for the first and each additional award of the following for service performed since September 16, 1940: Distinguished Service Cross, Legion of Merit, Silver Star, Distinguished Flying Cross, Soldier's Medal, Bronze Star Medal, Air Medal, Purple Heart, and Bronze Service Stars.
4. Parenthood credit—12 points for each child under 18 years of age up to a limit of three children.

In order for a serviceman to be eligible for immediate discharge under this program he must have a minimum total of 85 credits.

This plan was submitted to thousands of G. I.'s both overseas and at home and met with almost universal approval. It provides that the soldiers who have fought the longest and hardest particularly fathers, will be demobilized first. The system has already been placed in operation, and it is expected that within a week or two a limited number of combat veterans who are on furlough or rotation duty in this country will be released. Others will follow them in separation centers as rapidly as they can be shipped back to the United States.

A preliminary survey shows that all but 2 per cent of the men to be released will be men who have served overseas, and these 2 per cent will be fathers who have been in the Army for a long time. It is also estimated that 65 per cent of the hundred now serving in the Army have served overseas, whereas 98 out of every 100 to be returned to civilian life will be overseas veterans. As for the success of the system in providing preferential treatment for men with combat experience, the figures show that men who have been in combat constitute 35 percent of the Army but 75 percent of the men to be released under this plan will be from the combat group. As for the parenthood aspect, fathers represent 19 percent of the Army, but 26 percent of the group returning to civilian life will be fathers.

Each serviceman will be given an Adjusted Service Rating Card so that he may set out of the number of points to which he is entitled and know immediately whether or not he is eligible for return home. In the same manner families of servicemen can ascertain with some degree of accuracy whether or not their loved ones can be expected back for

good within the next several months. Army figures show that there are plenty of father and battle-honor credits to fill up all available transport space from Europe or the Pacific in the next few months. But it will likely take many of these men some time to get home. Those troops going directly to the Pacific war zone before they can make the longed for trip back home. This program will not effect the War Department's recent plan regarding discharge of enlisted men over 42 years of age. Discharge of these men, upon application, will continue without regard to other facts. In addition, the 82 surviving holders of the Medal of Honor will also be eligible for discharge upon their own request, as will members of the WAC whose husbands have been separated from the Army and returned to civilian life.

The method to be used in releasing officers will work differently under this plan in that officers have received "additional training, have heavier responsibilities, and have developed specialized skills and leadership capacity." For this reason it is expected that officer-discharges will be handled more on an individual rather than a group basis. Therefore, although some officers will have an adjusted service rating score of 85 this factor will be secondary to the "military necessity" of the officer. However, the War Department made it plain that officers who qualified under the plan will be given every consideration for release especially if they request discharge.

There will, of course, be some enlisted personnel whose skill is such that the Army cannot spare them at this time and they will have to continue serving, regardless of point credits, until the Army can train and make replacements available.

WALKER WOOD SHOWS CHARTER ACTIVITY

Qualification of Foreign and Domestic Charters Hold Up Well Under War Conditions

The corporate business in the office of the Secretary of State has been rather active in spite of the present war and increased corporate taxes, states Walker Wood, Secretary of State.

Mr. Wood further states that for the period of October 1, 1944 to May 1, 1945 sixty-two foreign corporations have qualified to do business in the State of Mississippi. Of this total, seven corporations have no-par stock and there is no way to determine the amount of the capital of these corporations in dollars and cents. The remaining fifty-two corporations have a grand total capitalization of \$2,023,349.05 for each corporation. The largest foreign corporation qualifying to do business in this state for the period was capitalized at \$80,000,000.00 and the smallest was capitalized at \$1,000.00.

Mr. Wood reveals that during this same period of time the State of Mississippi granted charters to 106 corporations with a total capitalization of \$856,800.00. Thirty-nine of these were issued with no capital stock, and of the remaining sixty-seven corporations the average amount of capitalization per corporation is \$74,889.55. The largest was capitalized at \$1,000,000.00 and the smallest having capital stock, was for \$1,000.00.

During this period of seven months there has been an average of twenty-four charters approved per month, making an average approval of approximately one charter per day. This does not take into consideration the filing and approval of amendments to charters already of record which, in many cases, increased the capitalization of the then existing corporation.

Mr. Wood's report of the fifteen months period, July 1, 1943 to October 1, 1944, listed 108 foreign corporations qualified to do business in Mississippi with a total capitalization of \$454,464,531.76 with an average capitalization of \$4,590,550.82 per corporation. In this same period 214 domestic charters were granted with a total capitalization of \$12,481,075.00 or an average capitalization of \$78,487.33 for each corporation. During this period an average of 21½ corporations per month were

ORITE THEATRE SUNDAY AND MONDAY "WILSON"

In Technicolor—Starring Alexander Knox, Charles Coburn, Geraldine Fitzgerald, Sir Cedric Hardwicke

Heralded as the most important event in 50 years of motion picture history, Darryl Zanuck's Technicolor production of "Wilson" is scheduled to open Sunday and Monday at the Orite Theatre.

More than 2½ years in the making, the film—the greatest project ever undertaken by 20th Century-Fox—has shattered all previous Hollywood production records.

Heading the huge cast ever assembled for a single motion picture (12,000 players) are: Alexander Knox as Wilson; Charles Coburn as the President's intimate friend "Professor Holmes"; Geraldine Fitzgerald as Edith Bolling Galt; Thomas Mitchell as Joseph Tumulty, Wilson's secretary; Ruth Nelson as the first Mrs. Wilson; Sid Cedric Hardwicke as Senator Henry Cabot Lodge; Vincent Price as William Gibbs McAdoo; William Eythe as George Felton; and Mary Anderson as Eleanor Wilson.

The deeply moving story of an American family set against the drama of our country's most exciting era was directed by Henry King who was responsible for such memorable hits as "The White Sister," "Alexander's Ragtime Band" and "The Song of Bernadette." Ace scenarist Lamar Trotti devoted two years to the preparation of the "Wilson" screenplay, during which time he travelled 30,000 miles, crisscrossing the country time after time, to gather material dealing with Wilson and his era.

qualified in the State of Mississippi. Mr. Wood's report reveal that the corporation division of his department is kept busy constantly. The records are permanent and must be set up in such way as to enable his office to give such information and data as interested persons might request over the telephone, by telegram, or by letter. Mr. Wood has perfected the records and systems in his office to enable the clerical force to give efficient, prompt, and courteous service with as little delay as possible.

Your Dealer Has It... A BIG SUPPLY OF PATIENCE

All of us can thank the neighborhood business man for doing a whale of a wartime job. Short of help and with many empty shelves, he has striven to give each family its fair share. He has labored late and often over ration records and changes in regulations. He has been co-operative and uncomplaining. Remembering those away from the homes of the families he serves, he keeps on buying War Bonds—for keeps.

Your dealer has had plenty of company in all walks of life...

people who have pulled together in a great awakening of the traditional American spirit. They have amazed themselves and the world with their ingenuity. They have found security in self-reliance. They have vowed not to slacken their pace until complete victory is ours.

No less important, they are resolved to apply their new-found ability to the utmost when peace comes to make ours an even better country for those who have defended it so gallantly.

Americans have always been neighbors. It is quite natural then for Budweiser to be America's favorite beer—for, when good friends get together, Budweiser is a friend that needs no introduction.

Is there any difference in savings banks?

For more than a number of years mutual savings banks in the State of Mississippi have gone thru every cycle of prosperity and depression without ever yet being compelled to tell their depositors, "We are sorry we cannot return your deposits." There is more to a savings bank than safety. There is sound counsel supplied by courteous officers, there is advice to those who have problems pertaining to the building of homes, travel, education, deaths, wills, and a hundred and one other things that affect our daily lives.

Through its program of self-regulation, sponsored by The Brewers Foundation, this Committee is cooperating with officials and law-abiding retailers to make sure that beer is sold only by those who maintain high standards. Reports from our investigators show conclusively that the level of law observance in retail beer outlets is steadily being raised. Beer deserves its reputation as a beverage of moderation.
